

THE AKRON ECLIPSE LEVELS

The above cut shows the method of setting the glasses in Akron Eclipse Levels. The spirit tube being carried on elastic bearings and enclosed in a heavy glass tube.

No. 4 1/4 AKRON ECLIPSE LEVEL.

This is a cut of our highest grade tool, being manufactured from hard Cuban mahogany and full brass bound.

We also manufacture a full line of Standard Levels. Our No. 31 as illustrated below being one of our best sellers. Write for our catalogue, showing a complete line consisting of 40 numbers.
